## Our Part Food Program

Established in 2015 to help fight hunger in Cape May County, New Jersey, the program provides food for children over the weekends when school meals are unavailable. The program has become a community partnership receiving support from individuals, school staff, community organizations, and local churches and businesses. All contributions benefit the children, with no administrative costs or fees. **We anticipate distributing 3,000+ bags during the 2021-2022 school year.** The program will now serve qualifying students in pre-school through sixth grade among four local elementary schools.

- 15000 + bags distributed since program inception
  - Cost: \$5.00 -\$8.00 per child per week
- Estimated cost for the 2021-2022 school year is \$21000

### Anticipated Program Need Based on Current Inventory
